Full Production Services

-We can assist you from your concept to its completion by providing project managers and highly skilled personnel to ensure your goals are achieved. We work with clients throughout the Northeast and deliver on time and on budget. Our event coordinators are on site to ensure a flawless execution of your event, no matter how small or large. When your event is over, you can get back to business while we take care of the equipment breakdown and return.

Rental Architectural Light Kaleido

KALEIDO is an MSD 575W lamped outdoor color changer that combines a smart CYM mixing system with wide angle optics to give the smoothest color change coupled with an even and wide coverage. The standard bracket allows this IP44 rated unit to be mounted in any position. Its many outdoor possibilities are complemented by an equal number of indoor applications, with its quiet operation allowing use in theatre, television studios, etc. Other technical highlights: power factor correction with only 4 amps required per unit; remote lamp on/off control option; stand-by function on blackout for lamp life extension and built in power saving system; multi-unit synchronization via Master-Slave option; linear 0 to 100% dimmer; strobe effect with adjustable speed; programmed automatic operation as well as standard DMX512 access give easy control to this extremely versatile unit.
