Full Production Services

-We can assist you from your concept to its completion by providing project managers and highly skilled personnel to ensure your goals are achieved. We work with clients throughout the Northeast and deliver on time and on budget. Our event coordinators are on site to ensure a flawless execution of your event, no matter how small or large. When your event is over, you can get back to business while we take care of the equipment breakdown and return.

Rental Battery Powered LED Uplight

The American DJ WiFly Par QA5 is a Battery Powered compact Wash Fixture with ADJ's WiFly Transceiver with wireless DMX built-in. The rechargeable lithium battery is long lasting and safe to use. With a full charge you will receive up to six hours of life with nine hours needed to fully charge it back to full life.

The WiFly Par QA5 allows you to create rich hues and smooth color mixing for stage or wall washing. The RGBA color mixing offers a seemingly unlimited color palette. The fixture uses LEDs rated at 50,000 hours with a maximum power draw of 55W. The fixture operates on AC or DC power.

You can run the device in six operational modes, Manual Color Mode, Color Change Mode, Color Fade Mode, Auto Program Run Mode, Sound Active Mode and DMX-512 Mode. Flicker free and with electronic dimming of zero to 100%. Perfect for those parts of the stage or club where wiring and other ways for power are inconvenient or just unsafe.
