

1000Kva-800kW Rental Generator CATERPILLAR XQ 800

Reliable. Rugged. Durable design.

Factory designed and fully prototype tested with certified torsional vibration analysis available. Matched to the performance and output characteristics of Cat engines. Four-stroke diesel engine combines consistent performance and excellent fuel economy with minimum weight. Accepts 100% rated load in one step per NFPA 110 and meets ISO 8528-5 transient response.

Product Features

- User friendly control panel with simple navigation.
- Digital Voltage Regulator with adjustable volts-per-hertz regulation provides precise control and excellent block loading.
- Sound attenuated container provides ease of transportation and protection while meeting 74 dB(A).
- Environmentally friendly with 110% spill containment engine fluids.

Product Specifications

Performance Data

Fuel Capacity	1,250 Gallons (with trailer)
Run Time	23 hrs.

Electrical

Nominal Size Rating	725 kW Prime
Frequency	50/60Hz
Voltage	208-480V

Motor/Engine

Engine	C27 Tier 4 Interim
Fuel	Diesel

Dimensions

Length x Width x Height	360 x 96 x 162 in.
Weight	56207 lbs. (fuel filled)
