

1,250Kva-100kW Rental Generator CATERPILLAR XQ 1000

Reliable. Rugged. Durable design.

Factory designed, certified prototype tested with torsional analysis. Production tested and ready to be connected to your fuel and power lines. Compact, four-stroke-cycle diesel engine combines durability with minimum weight while providing dependability and economy. Two bearing, wye-connected, static regulated, brush-less permanent magnet excited generator designed to match the performance and output characteristics of the Caterpillar diesel engine that drives it.

Product Features

- User friendly control panel with simple navigation.
- Digital Voltage Regulator with adjustable volts-per-hertz regulation provides precise control and excellent block loading.
- Sound attenuated container provides ease of transportation and protection while meeting 74 dB(A).
- Environmentally friendly with 110% spill containment engine fluids.

Product Specifications

Performance Data

Fuel Capacity	1,250 Gallons (with trailer)
Run Time	23 hrs.

Electrical

Nominal Size Rating	910 kW Prime
Frequency	50/60Hz
Voltage	208-480V

Motor/Engine

Engine	C32 Tier II ATAAC
Fuel	Diesel

Dimensions

Length×Width×Height	360×96×114 in.
Weight	47,000 lbs. (fuel filled)
