

STAGING SERVICES

No matter the size, Immedia has the right tools and personnel for your event. We offer packages for simple sound amplification to full stage productions that integrate power, lights, sound, video, and staging.

Wenger Versalite Stage

Versalite can easily configure into multi-level stages, runways, graduation stages, speaker platforms, and much more. The lightweight aluminum decks and separate, interchangeable legs make it easy to create just about any option to meet your changing needs.

Maximum Flexibility – Simple, economical plug-in legs put hundreds of configurations within reach.

Strong and Stable – Among the highest load ratings of comparable systems.

Safer – Have confidence in our higher load ratings, strong guardrails and stairs.

Multiple Leg Lengths – A variety of standard leg lengths plus adjustable leg lengths lets you set a stage exactly as you envision it.
